PRICE SENSITIVE INFORMATION

We would like to inform all concerned that, as previously announced on 14 July 2021, the Board of Directors of Envoy Textiles Limited had planned to establish a Spinning Project expansion Unit at its existing factory premises in Jamirdia, Bhaluka, Mymensingh, with a production capacity of 3,710 MT cotton-polyester-spandex core-spun yarn per year. We are delighted to announce that commercial production of this project commenced on 1 April 2023, with an increased capacity of 4,200 MT yarn production per year.

We regret to inform that the project came into operation a bit late due to the delay in shipment of machinery by the supplier caused by the Russia-Ukraine war.
